Digital Inclusion Summit 2024

2nd February 2024, Le Meridien Hotel, New Delhi
(Hall- Sovereign 1)

Agenda

About Global Digital Alliance

Global Digital Alliance is a global movement of leaders to prioritise digital inclusion in education. 120 million public school children do not have access to computers and internet connectivity. Our mission is to kindle a global movement for facilitating collaborative action to bridge the digital divide.

How do we achieve it?

Dialogue for Digital Inclusion

This aims at amplifying the collective voice that drives the change.

Collaborative Actions

To bring together stakeholders and enable them to work in collaboration to bridge the digital divide.

Research & Advocacy

To bring credible information, real-world case studies, and other evidence-based data for learning & implementation purposes.

Welcome to Digital Inclusion Summit 2024

A dialogue forum which brings leaders together from all across the world who are connected with one dream of bridging the digital divide.
